[Claude Lanners](#) was born 18 July 1939 in Dudelange, Luxembourg. He married Mariette Eicher in 1963 and the couple has two children, Martine born 1965 and Michel born 1968, and 5 grandchildren. They live in Luxembourg City, since 2010 in a condo due to Claude's reduced mobility as a consequence of ALS.

During his professional life Claude was a civil servant working for the Ministry of Economy in the economic development area and promotion missions to the United States gave him the opportunity to visit his Bormann relatives in Madison, MN and St. Joseph, IA. No information was around in those days about possible Lanners relatives in America.

From his mother, a granddaughter of Michel Bormann and Pauline Link of the Broch house in Oberfeulen, he inherited his interest in family history and he spent most of his time when retired researching and writing down the history of the [Lanners](#) , [Hottua](#) and [Bormann](#) families.

Suffering from [ALS](#) , after resisting valiantly for many years, Claude passed away in peace on the evening of May 30, 2012. A [book of condolence](#) is kept [here](#) , and an [obituary](#) is published [here](#)
